Aloha Manoa Families,

Please help support Manoa School's Robotics Program! Our program's goal is to promote teamwork and apply STEM skills while having fun. Students design and build their robot at school and then take it to compete with students from Hawaii and the world! The funds raised will help us pay for tournament registrations, robotic parts, and supplies for our competitions.

Our first fundraiser is scheduled for **Thursday, August 24, 2023**. Panda Express will give the Manoa School Robotics Program a portion of **all online sales nationwide** when orders are placed with our fundraiser code.

Order online at www.pandaexpress.com. Apply code 916735 in the Fundraiser Code box during online checkout. For more info, please see the August fundraiser Event Page.

Please share this with your family and friends. Even those on the mainland!

Mahalo for your support!
